

**Theorem 1.** *This theorem will have automatic numbering.*

**Theorem B35.** *This theorem will use the tag "B35" and suppress numbering.*

**Theorem 2.** *Ordinary theorem. Numbered, but no auto-label.*

**Theorem 3.** *This theorem will have no auto-label.*

**Theorem B36.** *Tagged theorem. Tag printed, label auto-sanitised.*

**Theorem 4.** *Back to the ordinary. Numbered and not auto-labelled.*

See ?? for reference.

**Lemma 1.** *This is a Lemma, look how its fur glistens. Numbered but with no auto-label.*

**Lemma Famous.** *If there was ever such a well known Lemma, this is it! Tagged and auto-labelled.*

**Theorem 5.** *Oh there must be another numbered Theorem without tag or label!*

See ?? for reference
